***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I, Claims 1-9,24-32,46-54 drawn to query augmenting and refining (e.g., inexact access), classified in class 707, subclass 5.

Group II, Claims 10-23,33-45,55-71 drawn to database schema or data structure, classified in Class 707, subclass 100.

Group III, Claims 72-86 drawn to distributed or remote access, classified in Class 707, subclass 10.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention in Group I has separate utility such as predicting desired access. The invention in Group II has a separate utility such as collecting media content. The invention in Group III has a separate utility such as downloading a media object. See M.P.E.P. § 806.05(d).

- 3: Because these inventions are distinct for the reasons given above and the search required for Group I or II are not required for the other Groups, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
6. A phone message was left for Mr. Brian Hart on March 9, 2004 which did not result in an election.
7. An election, with or without traverse, must be made by the Applicant in replying to this Office Action.
8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
